PREFACE.

The pages that follow describe a very varied collection of Coins and Medals, the first portion being the collection of a prominent Philadelphian, now deceased, and which are sold by order of his executors. Among his many fine coins the dollar of 1836, with GOBRECHT *in the field,* the early proof silver and cents, half cents of 1841 and 1849 *small* date, rare patterns and a superb 1794 cent are particularly noticeable. The alloys stated in the various pattern pieces can be relied upon as being correct.

Mr. Geo. Eavenson has been a collector for many years, devoting his time especially to the $3 and $2½ series, which are singularly complete. The set of The American Journal of Numismatics is a fine one and should command attention.

At our last auction sale, February 5-6, we had 140 bidders, many of whom made offers on 100 or more lots, and to enter such a mass of bids was no light task, and we would be obliged to collectors to send in their bids as soon after receipt of catalogue as convenient; and those so received we examine and report on before sale to the bidder.

Every coin is guaranteed genuine, and this guarantee remains in force indefinitely.

No lot is separated—all described under each lot No. are sold under that number and at so much each piece no matter how many there are in it.

Priced catalogues will be supplied after the sale on receipt of 75 cents (stamps taken). Payment required with order.

Very respectfully,

S. H. & H. CHAPMAN,
Numismatists. 1348 Pine St., Philadelphia.

Order of sale.

1st day No. 1 to 703. 2nd day No. 704 to 1392.
